## Summary

Graduation in Systems Analysis and Development.

Background:

- \* Automated testing with Selenium
- \* Backend: Java |
- \* front-end: CSS | HTML | JavaScript | Angular

## Experience

### Junior Test Engineer

Procenge

May 2021 - Present (11 months +)

Manual Tests;

Exploratory Tests;

Bug Report.

Software Testing Processes

Scrum notions

Notions of ERP

### Intern Test Analyst at CIn/UFPE- FADE - Projeto Motorola

Projeto CIn/Motorola

Jul 2020 - Apr 2021 (10 months)

- Review of requirements, specifications and design documents to understand the test scope;
- Execution and reporting of results of manual tests;
- Conducting full regression tests when bugs are fixed;
- Application of testing processes for new and existing products to meet customer needs;
- Keeping up with new testing tools and testing strategies.
- Support in the creation of scenarios, execution of automated tests and approval with the user;
- Prepare and run automated test sets and report results;
- Reporting and tracking bugs to the SW development team, including capturing logs and what is collected;
- Support in creating System Test documentation.

## Education

### UNIFBV

Analysis and systems development, Information Technology/Information Systems

2019 - 2021

### CEV TREINAMENTOS INFORMÁTICA E SERVIÇOS

PYTHON 3 - MUNDO 2 [40 HORAS], Computer Programming  
2021 - 2021

### **Fectura Tecnologia**

Programming logic, Computer programming

2021 - 2021

Introduction to Programming Logic

- Notions of logic and algorithm
- Constants, variables and arithmetic expressions
- Code blocks
- Control Structures and structure of

### **CEV TREINAMENTOS INFORMÁTICA E SERVIÇOS**

PYTHON 3 - MUNDO 1, Análise de Sistemas de Computação

2020 - 2020

PYTHON 3 - MUNDO 1

### **SQL**

SQL SERVER, Programação de Computadores

2020 - 2020

Select - Distinct - Where - Count -Top - Order By -Between - In- Like- Min - Max - Sum- Avg - Group BY - Having - As - Inner Join - ypes of Joins - Outer Join - Union - Datepart - String manipulation - Math Operation - Subquery - Self Join - data types  
-foreign primary key - Create Table - Insert Into - Update - Delete - Alter Table -Drop Table-Check Constraint -Not Null Constraint - Unique Constraint -Views

### **HTML**

HTML

2019 - 2019

### **FISK - INGLÊS - CENTRO DE ENSINO**

INGLES, English Language and English Language Literatures

2015 - 2017

### **Cod3r**

Angular 9 - Essential, Computer Software Engineering

Oct 2021 - Nov 2021

Angular 9 - Essencial

## **Licenses & Certifications**

**PYTHON 3 - MUNDO 1 [40 HORAS]** - CEV Treinamentos Informática e Serviços

156BC-66E2-4

**PYTHON 3 - MUNDO 2 [40 HORAS]** - CEV Treinamentos Informática e Serviços

156BC-67AC-7

**Angular 9 - Essencial** - COD3R

b3rwm2zirj

## **Skills**

Interpersonal Relationships • Flexible Schedule • Inglês • Python (Programming Language) • SQL • Selenium • Angular • JavaScript • HTML5 • Test Planning
